AJGA Status and contribute to their national rankings.

Another young adult is scheduled this month at the Gleneagles Racquet Club, when the best juniors in the United States will compete in the inaugural USTA Summer Smash Regional Championships hosted by the City of Delray Beach.

The championship is the second-largest USTA amateur event in the United States. About 475 of the top-ranked boys and girls from across the nation will compete in eight separate age divisions at various sites in Palm Beach County.

HAPPENINGS AT WOODFIELD COUNTRY CLUB

Woodfield Country Club once again received Platinum Club of America designation in 2009. This designation was developed by the Club Leaders Forum and is equivalent to a Mobil five-star rating. Woodfield is one of the top 235 of

America's 6,000 private clubs.

In May, two 15-year-old Pine Crest High School students and Woodfield members, Jacqueline Greyserman and Jacob Greenberg, collaborated with Woodfield Country Club to host a book drive benefiting the national Breakthrough Collaborative program. The students collected more than 500 books donated by club members, to be used as a resource to help students with economic challenges excel in academics.

Also in May, Woodfield families made food and monetary contributions to the Forster Family Kasher Food Pantry, a program of Ruth Rales Jewish Family Service, raising nearly \$9,000.

Woodfield is scheduled to host the fourth annual Pink Ribbon Luncheon on Oct. 3. Nancy G. Brinker, Susan G. Komen founder and ambassador, is the keynote speaker for this breast cancer

educational seminar and luncheon. Money raised from this event will benefit the group's South Florida affiliate.

And "Housewives of Palm Beach County" comes to Woodfield on Oct. 15, hosted by JAFCO (Jewish Adoption and Foster Care Options). This event will include a special appearance by "Real Housewives of Orange County" star Jeana Keough. The evening's proceeds will benefit JAFCO.

HAMLET WALKERS RAISE MONEY FOR ANIMALS

About 50 residents of The Hamlet Country Club, some with their children and most with their pets, recently organized and participated in a Walk/Run within the community to benefit the Animal Care and Control Clinic in Belle Glade.

Many more members who could not participate donated to

the effort, which raised more than \$3,500 for the clinic along with hundreds of pounds of food.

HUNTERS RUN OFFERS NEWLY UPDATED AMENITIES

Hunters Run Golf and Racquet Club, an established 30-year-old club, has undergone numerous major renovations over the years that have allowed the club to combine the attributes of a seasoned club with the subtle elegance of a newer club.

All of the club's three golf courses have been remodeled during the past decade, the practice facility was updated in 2008 and the club has five golf pros on staff. The tennis complex offers 21 Har-Tru courts.

A unique amenity at Hunters Run is the 20-room Lodge for use by guests of the membership. The rooms, located on the two floors above the Clubhouse, all were
